Fashion notes seldom attract our attention, but we admit to an awakening of interest in news that "bell bottom trousers" are making a comeback. It's not that we have any intention of switching into stylish flop-ended pants, but we do relish the prospect of once again being able to don or doff trousers without having to take off our shoes.— Columbia (S.C.) State

In Just One Hour

If you had 19 brothers, and each of the 20 of you managed to earn one million dollars in his lifetime, and the total was lumped together in one payment to the federal government, do you know how long it would last? With only a slight overage, says the U.S. Chamber of Commerce, only one hour's spending—\$19.9 million—would wipe it out.— Augusta (Ga.) Chronicle

Barely Breathing

An Iowa physician, Health Insurance Institute tells us, has what appears to be a pretty accurate yardstick with which to measure a man's age. Men are old, he says, when they look at the menu before they look at the waitress.— Birmingham (Ala.) News

Taxpayer's Smoke Rings

The government of the United States (a) spends about \$50 million each year to subsidize, supervise and regulate the production and distribution of tobacco products each year.

The government of the United States (b) issues warnings about the harmful use of tobacco.

The government of the United States (c) through its Federal Communications Commission now wants to ban all radio and television advertising of tobacco products.

The government of the United States (d) has \$750-million tied up in tobacco stored in warehouses. It hopes to get that money back when the tobacco is sold.

The many and varied governments in the channels above the taxpayers of the United States (e) each and every one extract a torrential flood of tax money from tobacco products in order to support their many and varied roles in the tobacco business. Some days of the week (f) one wonders exactly what they smoke up there in the government of the United States before they get started on the tobacco business.— Columbus (Ga.) Enquirer

Extension of Legislature Seems Sure

By HARRY KING

LITTLE ROCK (AP) — Sen. Morrell Gathright of Pine Bluff, president pro tempore of the Arkansas Senate, and House Speaker Hayes McClerkin of Texarkana agree that legislators will still be at their tasks next week, which would be the fourth week of the extended session.

They also feel that many legislators favor recessing next week for two or three weeks.

"There's no question that it will run into next week," Gathright said Sunday. "It's hard to predict how long we'll be here. We cannot recess until we have taken some action on every pending budget bill and the revenue stabilization act," Gathright said. "We also should take final action on all of the tax bills."

The revenue stabilization act controls expenditures of general revenues during the biennial year which begins July 1. Two major pieces of tax legislation—cigarettes and corporate income—are still pending in the Senate.

The House has not acted on the general appropriation bill and the Revenue Stabilization Act is expected to be introduced Tuesday.

World Leaders Gather to Pay Final Tribute to Dwight Eisenhower Ike's Home Town Ready for 100,000

By JOSEPH E. MOHAWT

Associated Press Writer
WASHINGTON (AP) — The grand leaders of the world came together today to pay a splendid, ceremonial final tribute to Dwight D. Eisenhower.

Ordinary Americans shuffled patiently in thousands through a long, blustery spring night to say a simpler goodbye.

Presidents and prime ministers, chancellors and kings journeyed across the planet for the final day of the elaborate state funeral honoring the 34th president of the United States and one of its fabled warriors.

They rested through the night for the formal, invitation-only funeral service in the stately National Cathedral this afternoon.

Thousands of others did not rest. Quietly, unemotionally, they trudged across the grounds of the U.S. Capitol, up the majestic steps where Eisenhower twice took the oath of office, and into the soaring, hushed Rotunda.

They were mostly the white, middle-class, taxpaying, respectable American citizens who twice made him their leader.

They blinked in the harsh lights of television as they came in from the cold to the place where their Ike lay in state.

Inside, their ranks parted to file by on either side of the plain GI coffin where it lay on its bier, draped in the Stars and Stripes of the country he had fought for in war and led in peace.

There, President Nixon had said in eulogy earlier, lay "that rarest of men, an authentic hero."

There lay a man whose last words to his wife were just the ones—these people who came through the night might have hoped he would say:

"I've always loved my wife. I've always loved my children. I've always loved my grandchildren."

New Editor at Texarkana

By THE ASSOCIATED PRESS

TEXARKANA, Tex. (AP) — Bill Maddox, 31, who has been managing editor of the Marshall, Tex., News Messenger since September 1967, has been named executive editor of the Texarkana Gazette and Daily News.

The announcement was made Saturday by Mack Stewart, general manager of the Texarkana newspapers.

Maddox has worked at the Irvin News Texan, Arlington News Texan and the Tyler Courier-Times Telegraph since beginning his newspaper career in 1960.

Under his supervision, the News Messenger captured dozens of awards.

All Around Town

By The Star Staff

Thirty-seven men and thirty-one women from Hempstead County registered for the 1969 spring semester at Southern State College, according to James L. Smyth, registrar.

A total of 2,190 students are enrolled, a record for the second semester, Smyth said. There are 1,280 men and 910 coeds registered for the term.

Students from Hope include Ann Beck, Thomas Bright, Marsha Bullard, Susan Cobb, Jimmy Cowart, Berenda Cross, James W. Dennis, Martha Flowers, Danny Frith, Montie Garner, Gary Golden, John Greene, Diane Hatfield, Jeanne Hendrix, Jimmy Howell, Lyle Jones, Nedra Keny, Charles Latham, Donald McAdams, Helen McCormick, Cynthia McCormick, Paul McCormick, Harry McMahen, Betty and Clayton McNeil.

Other students from Hope are Greg Martin, Vincent Massanello, Sandra May, Donald and Freida Middlebrooks, Ann Mitchell, Lloyd Powell, Brenda Rateliff, Linda Reece, Susan Rogers, Belinda Ross, Gary Rowe, Michael Russell, Bobbie Scoggins, Ricky Smith, Lesley Stephens, Cynthia Trout, Michael Turner, Brenda Underwood, Richard Watkins, Gayle Williams, and Mary Nell Williams.

EISENHOWER

World leaders assemble for Dwight D. Eisenhower's funeral. Thousands of Americans file by his casket in the Capitol rotunda, saying farewell to the leader they loved as "Ike."

Mamie Doug Eisenhower's eyes never left the flag-shrouded casket of the husband whose last thoughts and words were for her.

Between Eisenhower the man and Ike the public figure there was a difference.

Dwight D. Eisenhower's home town, already bursting at the seams with visitors, expects 50,000 to 100,000 persons to flock in Wednesday for his burial.

The turns in Dwight D. Eisenhower's life form a pattern that make it seem he was preordained for his great role in history.

Hope Negro Killed in Accident

By THE ASSOCIATED PRESS

About 1:40 a.m., Monday an auto driven by Raymond Thomas, 34-year-old Hope Negro, was killed when the car which he was driving hit a bridge abutment on the Columbus road about 10 miles northwest of Hope.

State Policeman Wallace Martin said Thomas was alone and no other vehicle was involved.

Arkansas Is Elected

By THE ASSOCIATED PRESS

LITTLE ROCK (AP) — Charles T. Meyer Jr. of Little Rock has been named as metropolitan chairman of the National Alliance of Businessmen by President Nixon.

Meyer, chairman of the executive committee of Meyer's Bakeries, Inc., will be in Washington today and Tuesday to attend a briefing on NAB's program to find jobs for the hard-core unemployed.

Heavy Losses Keep Enemy Off Balance

By GEORGE ESPER

Associated Press Writer
SAIGON (AP) — Heavy losses and allied blocking actions are forcing the Viet Cong command to reassess plans for its five-week-old spring offensive, U.S. military analysts said today.

Officers said the Viet Cong and North Vietnamese had lost more than 6,000 men during March in the 3rd Corps area stretching from the Cambodia border through Saigon to the South China Sea.

The analysts said the enemy during the first two weeks of April probably would limit his action to rocket and mortar attacks while he reassesses his plans and gets replacements and supplies.

But one officer said that more than 1,000 Viet Cong main force troops poised to the south and southwest of Saigon "could make a dash for the city for publicity purposes."

Enemy actions stepped up in Saigon over the weekend. In 24 hours, enemy gunners fired rockets into the city for the first time in two weeks, bombed a police station and a government post office and set off a clay-mine mine 100 yards from the national police headquarters.

Twenty-three persons were wounded in the terrorist actions, but the rockets fell harmlessly in or near the Saigon river.

Military spokesmen reported that allied forces killed 582 Viet Cong and North Vietnamese in more than a dozen fights during the weekend. U.S. losses were put at 42 men killed and 158 wounded, while 20 South Vietnamese were reported killed and 116 wounded.

The U.S. Command reported about 20 attacks by rockets or mortars overnight on allied bases and towns, including a 150-round mortar barrage followed by an infantry assault on a night camp of U.S. 4th Infantry Division troops.

The ground assault touched off a night-long battle 25 miles west of Kontum, in the Central Highlands near the Cambodian border. Twenty-five North Vietnamese soldiers and six U.S. troops were reported killed and 37 Americans wounded.

At least half of the enemy dead were credited to massive American firepower, including bombers, helicopter gunships, artillery, the controversial new Sheridan tanks and armored personnel carriers.

Three American helicopters, a Sheridan tank and an armored personnel carrier were reported lost in the weekend fighting. Three of the helicopter crewmen were killed and five were wounded. A total of 2,481 American helicopters have been reported lost in the war.

Legislature Is Warned About Apathy

By THE ASSOCIATED PRESS

LITTLE ROCK (AP) — Dr. David W. Mullins, president of the University of Arkansas, said Sunday the state legislature should not succumb to "apathy and indecision" in relation to the educational needs of the state.

"Decisive action now on major revenue measures could rank this session with that of the 1957 General Assembly, which, facing a similar situation, took action that laid the foundation for much of the state's educational and economic progress during the past decade," Mullins said during the dedication of a school at Little Rock.

He said the state would forfeit the progress it had made "unless a breakthrough to a much higher level of financial support is forthcoming."

"A substantial amount of new revenue must be found if Arkansas is to meet the critical situation it faces in financing its educational program," Mullins said.

Mullins also said he feels one of the reasons for the worst of a "youth apathy" is that we are addressing ourselves to the central issues of the day.

Whitfield Masonic Lodge No. 239 will have a regular meeting Tuesday, April 1 at 7:30 p.m.

Hempstead County Rescue Unit will have a special meeting at 7:30 p.m. Tuesday at the WOW Hall. Two experts from the Pine Bluff Arsenal will be on hand to discuss demolition to the group. Everyone is invited.

Mrs. Lester Huckabee, Mrs. Harley Slison and Mrs. Carol Messer spent three days in Dallas last week attending a seminar on vigs for women.

Pakistan Has a New President

By THE ASSOCIATED PRESS

KARACHI, Pakistan (AP) — Gen. Agha Mohammad Yahya Khan was declared president of Pakistan today to serve until a new constitution is drawn up.

The 52-year-old army commander in chief took over as martial law administrator last Tuesday after Mohammed Ayub Khan stepped down as president.

Ayub's 10-year reign came to an end in the climax of four months of violence. With martial law in force, the nation now is quiet. Universities and schools are open again and factories are working.

Informants said legal experts had been working on Gen. Yahya's change of office for two days.

The experts maintain that Yahya had to assume the title of president in order to assure proper leadership of the country.

6 Held for Gambling

By THE ASSOCIATED PRESS

HOT SPRINGS, Ark. (AP) — Six persons were arrested here Saturday night and charged with operating a gaming house following a State Police raid on the Atmosphere Lounge.

Officers said card tables and a dice table were seized in the raid. The six were identified as Harold G. McCuthe, 23; Joe N. Towns, 35; Earl Black, Raymond Tweele, 55; Cleophas Williams, 53; and Harley Hopson, 48, all of Hot Springs.

Super Earthquake Will Take California in April, Prophets Say

By RALPH DIGHTON

AP Science Writer
LOS ANGELES (AP) — Against all scientific evidence prophets of doom say April is the month when a super earthquake will topple half of California into the Pacific.

Scientists say this talk is ridiculous and that while the danger of a major earthquake exists, no one can say when it will happen.

Nonetheless, nerves are getting jumpy day by day.

Here are some symptoms indicating the spread of California's newest attack of earthquake jitters:

— Los Angeles Civil Defense Coordinator William Frank says he has received more than 1,200 phone calls and 500 letters since early March requesting pamphlets on what to do in case of an earthquake.

— A spokesman for Los Angeles city schools says children have become so disturbed by widespread rumors that many teachers have taken time out from studies to review disaster procedures for their classes.

U.S. Has Suffered Little Militarily Due to Bombing Halt

By BOB HORTON

Associated Press Writer
WASHINGTON (AP) — Pentagon officers say the United States has suffered little militarily from the prohibition against bombing North Vietnam, begun in limited fashion one year ago today.

This attitude would seem to be an admission that the air campaign against the North, launched in February 1965, was not as vital as the Pentagon made it out to be.

But, military men say, the North Vietnamese have gained operating flexibility and are no longer paying as high a price to infiltrate men and supplies southward.

At the same time, however, Hanoi has not been able, or has not chosen, to build up a much larger force in South Vietnam. Its troop level today is about what it was when the bombs were falling—around 100,000.

Former President Johnson restricted U.S. bombing of North Vietnam last March 31 to the narrow panhandle beneath the 20th parallel to encourage Hanoi to enter peace negotiations. Last Nov. 1, with talks imminent, he made the prohibition complete.

There was some concern the bombing halt would bring a dangerous North Vietnamese threat to U.S. Marines stationed below the demilitarized zone separating the two countries. The United States warned Hanoi in advance to respect the supposedly mutual nature of the DMZ.

Officers say Hanoi still plays fast and loose with the DMZ but not to the extent that U.S. forces have been placed in serious jeopardy.

U.S. intelligence estimates 1,500 to 3,000 North Vietnamese operate continuously in the 12-mile zone but few are combat types.

Most are patrols or are in construction units sent in to repair fortifications in North Vietnam's six-mile portion of the DMZ. Small armed units do slip through occasionally to raid Marine outposts.

Four divisions, or around 40,000 men, which were withdrawn to North Vietnam last year remain scattered above the DMZ and pose a potential threat.

The United States still "attacks" North Vietnamese territory on occasion. There have been dozens of exchanges of fire between U.S. Marines in the south and North Vietnamese units in the DMZ. U.S. military has recorded nearly 1,100 instances of enemy presence inside the zone.

American reconnaissance planes also fly with armed escorts over the North to maintain close surveillance over enemy troop movements—something President Johnson informed Hanoi would be done. When fired upon, these reconnaissance patrols are authorized to go after the antiaircraft batteries.

With the bombing halt has come an intensified air campaign.

Turkey Again Rocked by Earthquake

ISTANBUL (AP) — New tremors and aftershocks of last Friday's quake rocked western Turkey again late Sunday and today, but there were no reports of additional casualties or damage.

About five shocks, light to medium in intensity, were felt in the Dardanelles area, and in the towns of Demirel, Alasehir and Sarigol, Anatolia news agency reported.

Sarigol and Alasehir, 81 miles east of the Aegean port city of Izmir, were hit Friday by a strong wave of tremors which killed 53, injured at least 100 and destroyed more than 2,500 buildings.

Sporadic quakes have been jolting the area for the past 10 days.

Light Rain Over Arkansas

By THE ASSOCIATED PRESS

Cloudy skies shed light rain over parts of Arkansas today and the U.S. Weather Bureau said the weather Tuesday would be much the same.

The forecast called for showers and thundershowers over much of the state tonight and Tuesday.

Lows tonight were predicted in the 40s to low 50s, with highs Tuesday in the 50s and 60s.

Rainfall reported in the 24-hour period ended at 8:30 a.m. today included a trace at Little Rock, .03 at Pine Bluff, .47 at Texarkana and .58 at El Dorado.

Overnight low temperatures included 33 at Harrison, 34 at Walnut Ridge and West Memphis, 40 at Little Rock, 42 at Pine Bluff, Texarkana and El Dorado, 43 at Fayetteville and 45 at Fort Smith.

Weather
Experiment Sta.

geles bookstores.

The book picks December as
the month of catastrophe, but
for some reason April is the
popular choice of rumors.

The only April date which
conceivably might have some
scientific basis is April 16. On
that date the sun and moon will
be lined up, exerting a gravita-
tional pull that will make the
earth's crust bulge a foot or
more in their direction.

Last March 7 Dr. C. Hewitt
Dix, Caltech geophysicist, is-
sued a report saying, "These
gravitational forces may have
touched off the disastrous July
21, 1952, earthquake in Califor-
nia's Kern County." That mag-
nitude 7.7 quake and its after-
shocks cost 14 lives and \$60 mil-
lion damage.

But the report also pointed out
that the sun and moon line up
once every 27 days and there is
no way of predicting when or
where this tidal force may trig-
ger the stresses that lead to
earthquakes.

Another Caltech release, is-
sued March 9, said "Wild pre-
dictions of disastrous earth-
quakes—issued by self-pro-
claimed oracles and other vi-
sionaries—are not supported by
scientific evidence and are
frightening man Californians
needlessly."

That release quoted Dr.
Charles F. Richter, developer of
the Richter scale for describing
earthquake magnitudes, as
saying that in 1965 "we received
spurious earthquake predictions
for Jan. 17, Feb. 4, March 17,
April 1, April 16, all of May and
sometime in June or July. But it
was a normal year—none came
true."

Another Caltech seismologist,
Dr. James N. Brune, said in the
release: "A common character-
istic in most of these dire pre-
dictions is the idea that a great
part of California will split off
and slide into the sea. This is
clearly ridiculous."

A Caltech report released
Sunday said new studies indi-
cate the possibility of a quake in
Southern California has been at
least temporarily reduced.

Several experts have assumed
that a strain is building up
along a great crack that runs
north and south through Califor-
nia called the San Andreas
Fault, and that a major earth-
quake is overdue.

New studies indicate, how-
ever,

**Economist
Is Rotary
Speaker**

Home Economist Linda Smith
of Texarkana brought the Arkla
Gas Company's "Magic Suit-
case" to the Hope Rotary Club
meeting Friday at the Town and
Country, and she showed a fas-
cinated audience a few of the
many products of natural gas.
These included artificial grass
used in the Astro-dome, a plas-
tics, splint for a broken arm,
and synthetic rubber. Specially
treated fabrics were dyed in
most unusual fashion while the
club watched. She said that na-
tural gas is colorless, odorless,
and tasteless, but for safety's
sake a scent was added so es-
caping gas could be detected.

Al Zimerebner, manager of
the local Arkansas Louisiana
Gas Company, introduced the
speaker. President Harold Eak-
ley welcomed the club and one
guest, Sammy Strong.

U.S. HAS
(from page one)

paign against North Vietnamese
units in Laos, the supposedly
neutral country Hanoi has used
for years as a pathway to South
Vietnam.

Officially, the United States
will not acknowledge what is
going on. But Air Force sources
say the full weight of American
airpower once directed against
North Vietnam has now been di-
verted to Laos, especially the
jungle roads and highways re-
ferred to as the Ho Chi Minh
Trail.

A source estimates the aver-
age number of U.S. missions
over Laos at 3,600 per month—
or 10,000 to 15,000 sorties.

Air Force officers say the
North Vietnamese have taken
advantage of the bombing halt
to stockpile supplies closer to
the DMZ. No longer forced to
camouflage them, the North
Vietnamese leave their supply
dumps exposed near roadsides
and railways.

The North Vietnamese now
operate convoys supplying the
war effort during the day as
well as night. When the bomb-
ing campaign was on, they were
generally restricted to moving
at night.

This allows North Vietnam to
rush equipment and replace-
ments to the South on much
shorter notice—days rather than
weeks. The quicker reaction ca-
pability may have helped Hanoi
wage the recent offensive, offi-
cers say.

To fuel trucks and other vehi-
cles used in the infiltration pro-
gram, the North Vietnamese
have built an oil pipeline from
Thanh Hoa south of Hanoi all
the way to Vinh above the DMZ.
The pipeline provides POL (Pe-
troleum, Oil, Lubricants) for
trucks heading to the DMZ or
through mountain passages into
Laos.

Officers say enemy convoys
were once forced to allot as
much as one-fourth of their
hauling space to fuel.

North Vietnamese air de-
fenses have been beefed up and
concentrated more toward the
DMZ.

An Air Force source says
since last October, enemy an-
tialircraft weapons just above
the DMZ have been increased
by 300 to around 1,500.

Infiltration is perhaps a bit
higher with the bombing ended.
Sources put the 1968 total at
200,000, or some 16,500 per
month. But most got into South
Vietnam before the full bombing
halt began Nov. 1, further evi-
dence the attacks were of limit-
ed value.

As the price paid by the North
Vietnamese to run the bombing
gauntlet has declined, so has the
U.S. cost of conducting the air
war.

Fewer U.S. airmen are being
killed or captured.

After some three years of
bombing last March 31, both the
Navy and Air Force each listed
115 men captured. In the follow-
ing seven months of the partial
bombing halt, the Navy record-
ed 16 more as captured, the Air
Force 24. Since November the
Navy has raised its captured to-
tal by only 5 to 136. The Air
Force reports none captured
since the full halt began.

er, that the strain has been sig-
nificantly relieved by earth-
quakes near the fault in 1925,
1941 and 1952, Caltech said.

William T. Pecora, director of
the U.S. Geological Survey, told
a Senate Appropriations sub-
committee March 25 it is inevi-
table that California will be hit
in this century by an earth-
quake of the force of the one
which wrecked San Francisco in
1906.

"We are predicting," he said,
"another massive earthquake
certainly within the next 30
years and most likely in the
next decade or so."

met and Ralph Hale of Vidon,
Texas.

Services were Monday at
Herdon Chapel by the Rev. Cal-
vin Miller. Burial in Snell
Cemetery at Emmet by Hern-
don Funeral Home.

**Calls Biafran
Affair All
Stage Managed**
by ARNOLD ZEITLIN
Associated Press WRITER
LAGOS, (AP) — Nigeria's
federal head of state, Maj. Gen.
Yakubu Gowon, charged today
Biafrans had "stage-managed"
civilian bomb casualties and
said he would not stop bombing
the secessionist area.

Reducing civilian bomb cas-
ualties was regarded as a major
objective of the four-day visit by
British Prime Minister Harold
Wilson, who left this morning
for Addis Ababa. Gowon spoke
later at a news conference.

He called his two long talks
with Wilson "frank, fruitful, full
... very successful" and gener-
ally "worthwhile."

He said he had no objection to
Wilson meeting Biafran leader
Lt. Col. C. Odumegwu Ojukwu
and added he hoped "some good
would come out of it."

Gowon accused Ojukwu of
moving civilians close to mili-
tary establishments and placing
military establishments near
large gatherings of civilians.

Also, he added, "You know, a
lot of Ojukwu's soldiers are
fighting without uniforms. It is
quite easy to remove the weap-
ons, and if you take a picture, it
looks like civilians ..."

LOUISVILLE, Ky. (AP) — J.
Graham Brown, multimillion-
aire businessman and promi-
nent race horse owner, died
Sunday after a long illness.
Brown, 87, gave millions to var-
ious institutions including \$2
million to Hanover Coolege,
near Madison, Ind., his birth-
place.

DETROIT (AP) — A Negro
judge has freed all but two of 10
men detained by police after a
shootout with members of the
black separatist Republic of
New Africa which left a young
patrolman dead.

Detectives investigating the
fatal shooting of the policeman,
Michael Czapski, 22, wanted to
jail eight more of 135 originally
arrested.

But Judge George Crockett of
Recorder's Court ruled Sunday
that police had illegally made
ultrate tests of the suspect's
hands to determine whether
they had recently fired weap-
ons. The judge said the police
had failed to advise the men
first of their right to call law-
yers, and he ordered their re-
lease.

Crockett cited William L. Ca-
halan, Wayne County prosecu-
tor, for contempt of court for
trying to keep one of the men in
custody.

Czapski's partner, Richard E.
Worobec, radioed police head-
quarters shortly before mid-
night Saturday that they were
about to make a check on about
a dozen Negroes with rifles and
carbines they had seen outside a
church in a Negro district.

"They're shooting at us, We need
help," was his next radio mes-

**ALL But Two
in Shootout
Are Freed**

Lying in serious condition in
Detroit General Hospital with
wounds in the lower back and
legs, Worobec was unable to
provide details of the shooting.

Police said that as reinforce-
ments arrived, they were fired
on from the church. They
smashed their way through
front and side entrances, guns
and rifles blazing.

They were met, they said, by
a line of Negroes kneeling inside
the church, in firing position.

Police said they later confis-
cated seven rifles, three hand-
guns and a large supply of am-
munition.

Five Negroes were injured,
four by gun fire and one with a
broken leg.

David Brown Jr., 19, of Comp-
ton, Calif., was charged with as-
sault with intent to commit
murder after a policeman said
he saw him fire a pistol from
the church.

Kirkwood Hall, 24, of Linden,
N.J., was charged with having a
can of chemical spray.

Neither charge was related di-
rectly to the fatal shooting of
Czapski.

Negroes at the scene denied
they had fired on police from
within the church.

"They came in like mad dogs
and started shooting from the
side and the front at the same
time," said Muta Ali, 27, of New
York.

WORLD LEADERS
(from page one)

dren. And I have always loved
my country."

A small, bent shadow, Mamie
Doud Eisenhower, 72, fought
back tears and grasped the arm
of her sturdy son, John, as her
husband's vice president and
eventual successor quietly ad-
dressed the solemn gathering of
dignitaries for 16 minutes before
the Rotunda was opened to the
public.

It was Nixon who disclosed to
the world the last words Eisen-
hower had spoken to his wife
just before his death Friday aft-
ernoon.

Dwight Eisenhower, said Nix-
on, was "one of the giants of our
time ... probably more loved
by more people in other parts of
the world than any president
America ever had."

Bells tolled across the capital,
quietly celebrating Palm Sun-
day under spitting, cheerless
skies, as the Eisenhower family
and dignitaries cleared the Ro-
tunda to make way for the pub-
lic.

The body, in its \$80 steel cof-
fin—the kind the Army uses to
bury all its soldiers—had been
borne majestically to the Cap-
itol on the traditional, creaking
artillery caisson drawn by
horses.

The clatter of their hooves
broke the silence as crowds

lined Constitution Avenue for
the full-dress cortege.

Drums, muffled and draped in
black, sounded brisk but solemn
cadence.

In black trappings, riderless,
cavalry boots reversed in the
saddles, a black horse named
Raven pranced nervously be-
hind the rumbling caisson.

A procession of 45 military
units of nearly 2,000 soldiers,
veterans, and bandmen led the
procession.

Military leaders were borne
by limousines, Mrs. Eisenhow-
er's car followed the slowly
drawn caisson. The President
and Mrs. Nixon followed in his
heavily armored limousine, sur-
rounded by watchful Secret
Service agents at every slow-
down.

Despite a delay in transfer-
ring the casket from the Nation-
al Cathedral to the caisson, after
a brief motor journey, the
ceremonies went off with mili-
tary precision called for in the
detailed, three-year-old state fu-
neral plan.

Porkers to Open Spring Training

FAYETTEVILLE, Ark. (AP) — The Arkansas Razorbacks, co-champion of the Southwest Conference and Sugar Bowl champions, open spring football practice Tuesday.

However, many of the star players who were responsible for the Razorbacks' success last season will miss practice. Among those who will be missing will be quarterback Bill Montgomery, tailback Bill Burnett and fullback Bruce Maxwell, all of whom had a major part in sparking the Razorbacks to that 16-2 Sugar Bowl victory over Georgia.

Montgomery is recovering from shoulder surgery and is not expected to engage in any contact work during the spring. Burnett, who underwent surgery for a toe injury, is in the same category.

Coach Frank Broyles said Maxwell left school during the spring semester to fulfill part of his military obligation.

Others to miss spring drills are defensive tackle Terry Don Phillips and offensive back Mike Hendren. Both are recovering from back surgery. Tailback Russell Cody is at National Guard camp. Defensive end Bruce James is recovering from ankle surgery and split end David Cox recently had a knee operation.

Arkansas lost 14 players by graduation and Porker coaches will begin drills searching primarily for offensive linemen to replace All-American guard Jim Barnes, tackle Webb Hubbard and ends Max Peacock and Mike Sigman.

Two defensive secondary losses were Gary Adams and Tommy Dixon.

Terry Stewart, a two-year letterman at safety is expected to open spring drills at left halfback. Dennis Bernery, a line-backer last season, will go to right halfback and Jerry Moore, a defensive halfback in 1968, moves to safety.

"We're doing it from a depth standpoint more than anything else," said Coach Hootie Ingram. "We feel like Jerry has plenty of experience at playing halfback and we could put him back there any time. Stewart could do the same thing at safety."

Broyles originally had scheduled spring work to begin today, but decided to begin Tuesday to give everyone one day of reorientation after the spring holidays.

The final Red-White game is scheduled for Friday, May 2, at Fayetteville.

"We'll be looking for leaders," Broyles said. "Your leaders must step out in spring training. And we're looking for football players."

Coach Frank Broyles said Maxwell left school during the spring semester to fulfill part of his military obligation.

Hoosiers in Second Win Straight

by ERIC PREWITT
Associated Press Sports Writer
BLOOMINGTON, Ind. (AP) — Coach Doc Counsilman of Indiana waited a long time to win his first National Collegiate Athletic Association swimming championship.

Saturday night his Hoosiers captured a second straight title; now it's the other coaches' turn to wait.

Indiana outdistanced the field with a record 427 points, winning nine events in the three-day meet. Underclassmen accounted for 210 of the points in individual events in Royer Pool.

Runner-up Southern California had three firsts and 306

Celtics Are Almost in Playoffs

By THE ASSOCIATED PRESS
SAPPORO, Japan—Hiroyuki Ebihara, 111½, Japan, outpointed Jose Severino, 111, Brazil, 15; Ebihara gained vacant world flyweight boxing title.

The Los Angeles Lakers try tonight to break the division winners' jinx and get back into the National Basketball Association playoffs.

The Lakers, regular season winners in the West, play the San Francisco Warriors in Oakland and a third straight loss would put them in the same boat as the Eastern kings, the Baltimore Bullets, who are down to their last shot against the New York Knicks.

The Knicks overcame a nine-point deficit in the last 6½ minutes Sunday and rallied to beat Baltimore 119-116 and take a 3-0 lead in the best-of-7 set. The defeated Bullets have until Wednesday to regroup for what could be the final game.

John Havlicek, Sam Jones and Don Nelson led the defending champion Boston Celtics to a 125-118 victory over the Philadelphia 76ers Sunday night to grab a 3-0 lead in the other Eastern semifinal.

The Celtics, fourth-place finishers in regular season play, could wrap it up Tuesday when action switches to their home court and erase the embarrassment of their lowest finish since 1950.

The upset-minded San Diego Rockets, trailing the Atlanta Hawks 2-0 in Western Division playoffs, shift to friendly home courts Tuesday after Saturday's 116-114 loss to the Hawks. The Hawks had to use Walt Hazzard's two free throws with nine seconds remaining to clinch the victory.

In regular season play in the American Basketball Association Sunday, New Orleans defeated Los Angeles 123-111, Miami topped Minnesota 126-118 and Oakland trimmed Kentucky 119-112.

Walt Frazier, who set a New York playoff record with 17 assists, put the rallying Knicks ahead 115-114 with 1:29 remaining on a driving layup. Willie Reed, scored 35 points to spark the Knicks.

The Boston-Philadelphia game was tied 21 times before Bailey Howell completed a three-point play that gave the Celtics a 95-92 lead with 32 seconds remaining in the third period. The 76ers never caught up.

Havlicek scored 23 points, 19 in the first half, while Jones finished with 26.

points in the meet that produced 10 U.S. records. Stanford was third with 196, followed by Michigan with 164.

In Counsilman's first 10 years as coach, Indiana finished as runner-up three times and in third place three times in the NCAA meet, but never won the title.

Such talented youngsters as Olympian Mark Spitz, the only triple winner in this year's meet, make the Hoosiers look like the team to beat for several years to come.

Spitz, a freshman, won the 100-yard butterfly Saturday night and earlier broke U.S. records in the 200-yard and 500-yard freestyle.

The U.S. records set on the final night of the meet were a 15:4.2 by Hans Fassnacht of Long Beach State in the 1,500-yard freestyle, a 1:53.8 by Indiana's Charlie Hickox in the 200 backstroke and a 3:02.8 by Southern Cal in the 400 freestyle relay.

Such talented youngsters as Olympian Mark Spitz, the only triple winner in this year's meet, make the Hoosiers look like the team to beat for several years to come.

Breaks Still Plague Davis, Dodgers

By DICK COUCH
Associated Press Sports Writer
Baltimore's Jim Palmer and Los Angeles' Willie Davis have been running into trouble since their fateful 1966 World Series encounter.

Now, Palmer appears set to do an about face after two throw-away seasons. But the breaks are still going against Davis and the Dodgers.

Palmer, plagued by recurring arm trouble since 1966, when he won 15 for Baltimore and then became the youngest pitcher ever to toss a Series shutout, scattered three singles over eight innings Sunday as the Orioles scored past Pittsburgh 5-0 for a 1-0 record.

Meanwhile, Davis, whose three errors on successive plays helped Palmer and the Orioles trim Los Angeles 4-0 in the second game of their '66 Series sweep, learned he'll be sidelined from three to four weeks with a hairline fracture of the right arm.

The Dodgers' fleet center fielder, who batted .284 three years ago, broke an ankle sliding the following spring and missed 20 games, finishing with a .257 average, then dipped to .250 last season, was hit in the arm by a Claude Raymond pitch in Saturday night's 3-2 victory over Atlanta.

The Braves beat the Dodgers 4-2 Sunday while St. Louis topped Philadelphia 5-3, Washington downed Kansas City 5-1, Boston edged Detroit 5-4 in 12 innings, Cincinnati downed Houston 6-4, the Chicago White Sox handled Minnesota 6-4 and Montreal nipped Los Angeles' B team 7-6.

Elsewhere, California shaded San Diego 5-3, Seattle got by the Angels' B squad 2-0, the Chicago Cubs pounded Oakland 8-3 and San Francisco outlasted Cleveland 13-11.

Rain washed out the New York Yankees-New York Mets game.

Today's schedule has been curtailed because of the funeral of former President Eisenhower, with three games called off and others pushed back to start no earlier than one hour after the completion of the ceremonies at Washington.

The Yankees-Kansas City, Baltimore Pittsburgh and Minnesota-Philadelphia games were postponed.

Palmer, a 23-year-old right-hander who came up with shoulder and back ailments following his brilliant '66 Series performance, has posted just one major league victory in the past two seasons. He appeared in just nine games for the Orioles in 1967 and got into 10 with three minor league clubs last season.

But he breezed through the Pirates' line-up Sunday, throwing 96 pitches, and also contributed a single and double to the Baltimore attack, which was keyed by Mark Belanger's two-run homer off Jim Bunning.

Davis was flown from the Dodgers' Vero Beach, Fla., camp to Los Angeles, where Dr. Frank Jobe, the club physician, was to study X rays of the injury.

"This is pretty rough on Willie and the club," said Manager Walter Alton. "He might just as well not have come to spring training, since he'll have to start all over again when he's able to play. Even then, it'll take him six weeks to get ready."

The Braves spotted the Dodgers a 2-0 lead on Bill Sudakis' first-inning homer, then came back to win as Milt Pappas and Cecil Upshaw flipped hitless ball over the final seven.

Rookie Joe Hogue belted a two-run eighth inning homer off Chris Short, powering the Cardinals past the Phillies, and left-hander Frank Bertina pitched two-hit ball for five innings as the Senators finally beat an American League rival after 11 setbacks.

Reggie Smith's 12th-inning single delivered the tie-breaker for Boston in a duel that pitted the Red Sox' Jim Lonborg against the Tigers' Denny McLain for the first six innings. Pete Rose's three-run double in the eighth, after a leadoff homer by Tony Perez, swept the Reds past the Astros.

Duane Josephson rapped a bases-loaded triple as the White Sox struck for five runs in the seventh to overtake Minnesota. A three-run eighth got Montreal past the Dodgers.

Pitcher Rudy May hit a grand slam homer in California's victory over San Diego but the Angels' B team managed only five hits off Diego Segui, Darrell Brandon and Bill Henry in bowing to Seattle.

Also last Friday the Hope junior and senior high track squads traveled to Camden for a regular meet, and the results were encouraging.

The senior squad finished third behind Norphlet and Camden, and the juniors rolled up 76½ points for second place to Camden's 90.

John Spraggins finished second in the 440 and third in the 100 dashes, and Gary Hollis won the slow heat of the 220 in 24.6 time. All three relay squads placed third, with the 440 team clocking 47 flat and the mile quartet running 3:51.1.

The shot put was dominated by Carroll Beck and Jim Alford, who both threw their best of the season. Beck's throw measured 50-5 and Alford tossed it 49-6, and both showed up well in the discus event.

In the junior division, Hope's Ray Wheelington set a school record in the 120 hurdles with an excellent 15.8 clocking, and he is being pushed hard by teammate Steve Harris. Wheelington, also has been doing consistently well in the hundred, with a best of 10.8 so far.

Tommy Frazier won his first race in the 880 with a good 2:15.8 showing, and helped the mile relay team to a best time of 4:00.2. The improving 440 sprint relay squad has stayed just below 50.0 so far, and could challenge the district later on.

Shot putter Lynn Norton won his specialty with a good heave of 53-8, and Tim White broke 49 feet to provide more points. Then White threw the discus 112 feet to place second in that event. In the long jump, Hope came in 3-4-5 with Bill Moore, Rusty Quillin, and Steve Harris scoring the points.

Tomorrow afternoon sends both squads to Camden for another regular meet, before the Scrapper Relays at Nashville Thursday.

Manly Yeaza asked Top Knight turning for home in the 1½-mile test, and the Vertex coil responded by easily beating Paul Mellon's Arts and Letters in 1:48 2-5.

Pelican Stable's Al Hattab was third ahead of Dorothy Rigney's pace-setting Fast Hilarious and Ogden Phipps' Beau Brummel.

The absence of Claiborne Farm's speedy Drone, who could have forced Fast Hilarious into a quicker pace, probably hurt stretch runners Arts and Letters, Al Hattab and Beau Brummel.

Drone, unbeaten in four career outings, was scratched from the race after chipping a bone in his right knee in a workout and is through with racing for the year.

Bill Hartack held Majestic Prince in check most of the way, but the big son of Raise a Native, a \$250,000 yearling purchase, still had no trouble in winning the Santa Anita Derby in posting his sixth career win in as many tries.

Behind Majestic Prince at the end of the 1½ miles, timed in 1:49 1-5 were Mrs. J. T. Forno's Mr. Joe F. and Poletex Stable's Lanny's Secret.

There were two \$50,000-added races for older horses Saturday, and the winners were Peter Kissel's Iron Ruler and Harvey Peltier's Listado.

their seventh victory in the last eight starts. Jim Davenport's two-run triple was the big blow in a six-run eighth that won for the Giants in a struggle marked by 16 walks, seven hit batsmen and six errors.

Magnolia Golfers Win Over Hope

By RALPH ROUNTON
Star Sports Writer

Shaking off the foreign-course disadvantage, Magnolia handed the Hope High golf team its first setback 12½-5½ last Friday afternoon at the Hope Country Club.

Now 2-1 for the season, the locals travel to Magnolia's home course tomorrow afternoon for a return match, which will be played at medal play instead of the customary match play and 18-point system.

Actually the difference Friday was a fast start by the Magnolia four-some, who had a 5-1 advantage at the halfway mark. The second nine holes were much better for the local golfers, but not quite enough to make up the difference.

The possibility came to light late last week of the possibility of Hope getting the 4-AA Tournament at the Hope Country Club. Smackover has the track meet, but has no facilities to put on the golf event which comes with the track bid. It's been over a decade since the 4-AA final round has been held here, and it would be an advantage for the home team.

Also last Friday the Hope junior and senior high track squads traveled to Camden for a regular meet, and the results were encouraging.

The senior squad finished third behind Norphlet and Camden, and the juniors rolled up 76½ points for second place to Camden's 90.

John Spraggins finished second in the 440 and third in the 100 dashes, and Gary Hollis won the slow heat of the 220 in 24.6 time. All three relay squads placed third, with the 440 team clocking 47 flat and the mile quartet running 3:51.1.

The shot put was dominated by Carroll Beck and Jim Alford, who both threw their best of the season. Beck's throw measured 50-5 and Alford tossed it 49-6, and both showed up well in the discus event.

In the junior division, Hope's Ray Wheelington set a school record in the 120 hurdles with an excellent 15.8 clocking, and he is being pushed hard by teammate Steve Harris. Wheelington, also has been doing consistently well in the hundred, with a best of 10.8 so far.

Tomorrow afternoon sends both squads to Camden for another regular meet, before the Scrapper Relays at Nashville Thursday.

Farm Boy Is Winner of Stock Race

By BLOYS BRITT
AP Auto Racing Writer

ATLANTA (AP) — Ex-farm boy Cale Yarborough won the Atlanta 500 stock car race Sunday then headed back to South Carolina to await the birth of his second child, with a \$21,027 check to pay for it.

"I hope I get there in time," said the blond, stockily built driver who celebrated his 30th birthday in the Atlanta raceway garage area Wednesday.

Yarborough, a popular favorite with the crowd estimated at better than 85,000, drove his 1969 Mercury across the finish line three seconds ahead of close friend David Pearson to claim his first victory of the season.

But it was Pearson who captured the crowd's fancy. The 34-year-old Ford driver elected to start at the rear of the 40-car field when he decided to use a tire compound different from the one on which he qualified for the front row. NASCAR rules require that the car be started on the tires it used in qualifying.

The daredevil Pearson, always a charger, threaded his way through the pack at such breakneck speed that he took the lead within 55 laps. From then on it was a battle between these two drivers and everything else was incidental.

"It was a great ride," said Yarborough, whose \$136,000 in winnings last year set a record for stock car drivers. "I never

CHICAGO CUBS' manager Leo Durocher, left, and California Angels' coach Dolph Camilli compare profiles before exhibition game in Palm Springs, Calif. No, they're not related.

Knicks Are Knocking Off the Bullets

By GORDON BEARD
Associated Press Sports Writer

BALTIMORE (AP) — New York's iron-men Knickerbockers could win the National Basketball Association playoffs if they stay clear of fouls and injuries, says Bob Ferry of the Baltimore Bullets.

"Their starting five takes a back seat to nobody," Ferry said after the Knicks rallied to beat Baltimore 119-116 Sunday and take a 3-0 lead in the best-of-7 Eastern Division semifinal series.

The fourth game will be played in New York Wednesday night.

Ferry, who quit as a player this season to become assistant to Coach Gene Shue, hasn't conceded the postseason demise of Baltimore's Eastern Division champions but he's greatly impressed by the Knicks.

"They have five great open shooters, who hit from anywhere on the court, they play good defense and rebound," Ferry said. "What else is there?"

Willis Reed scored 35 points while sinking 16 of 28 shots and grabbed 19 rebounds, while Walt Frazier scored 26 points and set a New York playoff record with 17 assists.

"I don't think they'd be as good with Russell and Jackson playing," Ferry said. "We have to divide the playing time, and it would be a coaching problem to get them all in there."

Frazier put New York ahead for keeps at 115-114 and his free throw made it 116-114 with 39 seconds left.

Earl Monroe, who had a driving layup blocked by Reed with 42 seconds to play, then missed two free throws with 35 seconds remaining and Reed grabbed one of his 19 rebounds to set up a Bill Bradley basket.

"We're all tired," Dave Debussche said when questioned about the iron-men stung. "I'll guarantee that I'm tired. But playoffs are different. There's not as much travel, we have days off, we know who we're playing and there's a lot at stake."

Pacers Win Eastern Division

By THE ASSOCIATED PRESS
The Indiana Pacers can stop pacing. They've won the American Basketball Association's Eastern Division championship. It all came about Sunday

night when the Kentucky Colonels, last team with a chance to catch the Pacers, lost to the Western champion Oakland Oaks 119-112 and fell into a flat-footed tie with Miami, three games back. Indiana, however, has only one game left.

In other action, New Orleans beat Los Angeles 123-111 to clinch second place in the West and Miami downed Minnesota 126-118.

In the National Basketball Association playoffs, New York and Boston took 3-0 leads in their best-of-7 Eastern semifinals. New York edged Baltimore 119-116 and Boston tripped Philadelphia 125-119.

Doug Moe of Oakland helped seal Kentucky's fate with 31 points while Gary Bradds and Warren Armstrong had 20 apiece. Louie Dampier was high for the losers with 29.

James Jones paced New Orleans' win over Los Angeles with 33 points and Red Robbins grabbed 23 rebounds for a season total of 1,001. George Lehmman of Los Angeles had 47 points, 32 in the first half.

Form Charts

By MARTY RALBOVSKY, NEA Sports Writer

Atlanta, NL East

PROSPECTUS — Young pitching staff showed promise last season, but must do even better to stop St. Louis in NL's Eastern Division. Return of Rico Carty (out last season with tuberculosis) should bolster hitting attack, which will be even more productive this season with the fences at Atlanta Stadium moved in. If pitching comes through, Lum Harris' team'll give Cards run.

PITCHING—Pat Jarvis (16-12), Phil Niekro (14-12) and Ron Reed (11-10) are young and fast. They are capable of improving records this season. Milt Pappas will be around for a full season and will help. Ken Johnson (5-8), and Jim Britton (4-6) need better seasons. Rating: B+.

CATCHING—Joe Torre wasn't traded (although he hoped he would wind up with Mets) and will return behind plate. He hit .271 last season, but home run production trailed off to 10. Bob Tillman spells him. Rating: B+.

INFIELD—Return of healthy Sonny Jackson will strengthen infield. He missed considerable time last season because of leg injuries and batted only .226. When healthy, he's one of NL's most promising shortstops. Tommie Aaron will be at first, but rest of infield will be in for some juggling. Bob Aspromonte has glove, but no bat. So does Elsie Boyer (both hit in last 200s last season). Felix Millan (.289) will start somewhere and so might Bob Johnson (.252). Rating: C.

OUTFIELD—Bank Aaron (right), Felipe Alou (center) and Carty (left) give Braves strong outfield. Carty is only question mark. The Braves will stay in it Carty isn't ready. Rating: A.

ROOKIES TO WATCH—Braves want look at pitcher Stan Bell (9-1 at Greenwood) and outfielder Ralph Garza (.243 at Shreveport).

Predicted Finish: 2nd in East (Newspaper Enterprise Assoc.)

\$3.2 Million Offered for Alcindor

Associated Press Sports Writer MINNEAPOLIS (AP) — George Mikan, who says he signed "for something like \$10," when he entered professional basketball, awaited word today from Lew Alcindor on an American Basketball Association offer worth more than \$3.2 million.

Alcindor has said he will sign with the Milwaukee Bucks of the rival National Basketball Association.

But Mikan, a 6-foot-10 giant of the NBA from 1947 to 1956 and now the ABA commissioner, and Arthur J. Brown, owner of the New York Nets, still hope the 7-1/2 UCLA All-American can be convinced to sign with the two-year-old league.

Mikan said he met last Friday with Alcindor's financial advisor, Sam Gilbert.

"When I left Los Angeles Friday night," Mikan said, "Gilbert told me a lawyer would be in my office Monday to go over the contract we offered. Does that mean negotiations are closed?"

Mikan revealed terms of the ABA offer Saturday at a news conference.

It includes five per cent of stock in the Nets, a \$500,000 bonus, a five-year \$1 million contract, an annuity payment of \$62,500 a year for 20 years and 10 per cent of ABA national tele-

vision contracts totaling at least \$500,000.

"I signed for something like \$10," said Mikan. "We didn't want him Alcindor to have to worry about his life after he's finished playing basketball."

"We still don't consider the negotiations ended," Mikan said. "All this can still be his. All he has to do is pick up the phone."

Alcindor, in making a quick decision, said he wanted to avoid a bidding war.

Hockey

Arkansas No Trouble for Missouri
FAYETTEVILLE, Ark. (AP) — The Missouri Tigers won 11 of 18 events to dominate the 18th Arkansas Relays here Saturday. No team totals were kept.

The Tigers' Mel Gray, voted the outstanding athlete in the university division, ripped off a record-tying 9.3 in the 100-yard dash and won the long jump.

Missouri athletes set three relay records, and the host Razorbacks established two school records.

The Porkers' Jerry Petty, a senior from Malvern, tossed the shot put 55-10/2, better in his own mark of 54-7.

Kevin Danaher set a school record of 47-5 in the triple jump, breaking his old mark of 44-6.

In the closest relay battle of the day, Gray anchored Missouri's 440-yard relay team to a 41.8 clocking. Gray nipped Arkansas' Conrad Galtner at the tape. Arkansas also was clocked in 41.8.

Henry Wins Florida Tournament

By WILL GRIMSLEY
Associated Press Sports Writer MIAMI, Fla. (AP) — Bunky Henry bounced his tow-headed, 2-year-old son—one of three—on his knee and talked about what he was going to do with the \$40,000 he had just won.

"I am going to slap it in the bank," he said.

Henry 25, son of a Valdosta, Ga., banker and formerly a place-kicking specialist for the Georgia Tech football team, is the latest of succession of dark-horse winners on the \$5 million pro golf tour.

Despite a triple-bogey 8 on one hole, the boyish-looking southerner overtook his best pal, Bob Murphy, for the first prize check in the bizarre \$200,000 National Airlines Open Golf Tournament.

His best paycheck previously this year was \$322.50 at Pensacola. He had missed the cut in two tournaments and in six others had finished between 41st and 79th.

In 13 tournaments so far this year, there have been 13 different winners. Jack Nicklaus and Billy Casper each won one, but the other top check cashers were largely outsiders. In five Florida tournaments, the winners were Tom Shaw, Ken Still, Jim Colbert, Ray Floyd and now Bunky Henry.

Henry said last Tuesday Murphy told him he, Murphy, felt great a thought he would win. "We'll finish 1-2," Bob predicted.

"On the putting green, before the final round, I kidded with Murt, saying 'I'm going to lick you,'" Henry explained. "Bob laughed and said, 'Don't forget the order is me one and you two.'"

Henry shot a final 70 for 278, tying Dan Sikes, who had a hole-in-one in his 68; Australian Bruce Crampton, who shot a 66; and Dave Stockton, who had a 72.

HURRYING to catch a plane

Princess Alexia, daughter of King Constantine and Queen Anne Maria of Greece, appears quite independent as she lugs a small suitcase at Rome's Fiumicino Airport. The little princess' brother, Prince Paul, can be seen in background as the two accompanied the royal family on a trip to Copenhagen.

Hockey Loop Prepares for Playoff

By HAL BOCK
Associated Press Sports Writer

Its record-breaking regular season ended, the National Hockey League prepared today for the annual Stanley Cup playoffs.

In the East Division, the champion Montreal Canadiens host the third place New York Rangers and runner-up Boston Bruins face the fourth-place Toronto Maple Leafs in Wednesday's opening games. In the West, champion St. Louis is home against third place Philadelphia while second-place Oakland faces fourth-place Los Angeles.

In Sunday's final games, New York thumped Toronto 4-0, Boston slugged Montreal 6-3, Chicago walloped Detroit 9-5, Pittsburgh edged Philadelphia 2-1 and Los Angeles tied Minnesota 3-3.

In Saturday's games Montreal clinched the East title by beating Boston 5-3, New York topped Toronto for third place 4-2, Chicago and Detroit played a 1-1 tie, Philadelphia and Pittsburgh tied 3-3, Oakland bombed Minnesota 7-2 and St. Louis dropped Los Angeles 3-1.

With all final positions determined after Saturday's games, Sunday's action was strictly for individual bonuses and more record-setting.

In Boston, Phil Esposito pushed his point scoring mark to an incredible 126 and tallied his 48th and 49th goals of the season, shattering the record for a center of 47 held by Montreal's Jean Beliveau.

Esposito's linemate, Ken Hodge, scored his 44th and 45th of the season as the Bruins finished the season with a record 303 goals and 100 points, three short of the Canadiens' championship record haul.

New York goalie Ed Giacomin clinched second place in the Vezina Trophy race by shutting out the Maple Leafs. The runner-up spot was worth \$750 to Giacomin. The Rangers' total of 195 goals allowed was the best figure in the East Division and second only to St. Louis, which allowed 157.

Ron Stewart scored a pair of goals as the Rangers pushed their home ice unbeaten streak to 18 games, tying a club record. New York set team records of most victories (41), most points (91) and most goals scored (231).

Pittsburgh, out of the playoffs for the second straight year, stretched its season-ending unbeaten streak to six games by knocking off Philadelphia. George Swardwick scored one Penguin goal and assisted on the other.

Chickendog Controversy Developing
WASHINGTON (AP)—A leading consumer advocate says failure of the government to hold hearings in the developing "chickendog" controversy will mean surrender to the meat lobby.
The Rev. Robert J. McEwen, a Jesuit priest who heads the Consumer Federation of America, made the charge Thursday in a letter to Secretary of Agriculture Clifford Hardin.
At issue is proposal to liberalize labeling on hotdogs which would permit poultry meat in them without saying so in large lettering.
The chickendog proposal is part of a plan to overhaul federal standards for hotdogs and other cooked sausage products. It was passed on by the Johnson administration, which favored a series of public hearings to let consumers have their say.
The Associated Press first reported Wednesday that plans now call for the chickendog issue to be split from the broader, more complex proposals, including fat content and other specifications, and be recommended without public hearings.
McEwen charged in his letter— which he delivered to the department in person—that if no hearings are held he would have to conclude "your department intends to be run by the meat lobby—as some have long alleged—with no effort to consult consumer opinion."
There was no immediate response by Hardin, but Asst. Secretary Richard E. Lyng, who supervises the department's meat regulation agency, said in a statement that consumer interests would be considered.
"The department will take steps to assure that all interested groups have an opportunity to make known their views on whatever proposals the department..."

Jim: "You have told me that by 1930 expert contract bidding had begun to take shape. How far along had you come?"
Oswald: "We worked on finding 4-4 fits. The old-timers despised four-card suits and it took us youngsters to get around to bidding them. One weakness of everyone's, though, was their unwillingness to compete on mere distribution."
Jim: "Playing with Hal Sims, Willard Karn and Lee Langdon, you lost the finals of the 1930 knockout team championship to Ely and Jo Culbertson playing with Lightner and Von Zedwitz. How about some hands from that match?"
Oswald: "We might start with board eight. Bidding was the same at both tables and each West opened the jack of diamonds. This produced the queen, king and ace. Declarer proceeded to draw trumps and wound up making three because he could lead up to both the nine of diamonds and the king of hearts."
Jim: "I see what you mean about lack of competition. East doesn't have much of a hand but most modern players would stick in a negative double of the two-spade bid. The Culbertson staff commented that East and West could make four hearts but that there was no way to get into the bidding."
Oswald: "The analysis wasn't correct. It wasn't hard for North and South to wait for declarer to play diamonds, whereupon the best East and West could do was to make three hearts. Chances are that if East did double two spades and West bid four hearts, that North and South would wind up taking a phantom save at four spades doubled."

THE WELL CHILD
Warts Are Curable
By Several Procedures
By WAYNE G. BRANDSTADT, M.D.

A mother writes that her son, 14, had a cluster of unsightly warts on his thumb which the family doctor burned off. Since they have come back and brought their cousins with them, she wonders whether they will disappear spontaneously or whether there is an effective cure.
These small benign tumors are caused by a virus. Scratching or picking at them may cause them to spread. The fact that they sometimes disappear spontaneously has led many people to attribute the "cure" to whatever unusual application had been used most recently.
Warts can be cured by a number of procedures if these are skillfully applied so as to kill the wart and not damage the surrounding tissue, thereby causing a scar. The treatments that have worked best include chemical caustics, freezing with liquid nitrogen (carbon dioxide snow is not powerful enough), electrocautery and ultrasound.

Q—My son has been treated for plantar warts by medication, X ray and surgical removal but new ones keep appearing. Is there any cure for this condition?
A—Surgical removal is not usually recommended for plantar warts because the resulting scar is often more painful than the wart and recurrences are so common. X-ray therapy is often successful if exactly the right dose is used and the skin surrounding the wart is shielded with lead sheeting. The methods of treatment mentioned in the preceding answer are successful when skillfully applied. No matter which treatment is used, the pressure on the wart should be relieved with a felt ring affixed to the skin with the center over the wart.

It is important to avoid overtreatment because of the danger of painful scarring. A safe treatment that cures about 80 per cent of these warts is soaking the feet every night for 20 minutes in formalin. The treatment has to be continued for seven to eight weeks.

Q—I have five children, all of whom have plantar warts. Our doctor says they are mildly contagious. A neighbor says that they could be transmitted by the children's dog. Is this so?
A—Dogs get blamed for everything these days but I

Q—The bidding has been:
West North East South
1 ♠ Pass ?
You, South, hold:
♠ Q 2 ♥ A 10 8 6 5 ♦ 8 5 4 ♣ 7 6
What do you do?
A—Bid one heart. You have six high card points and a good six-card suit.

TODAY'S QUESTION
Your partner continues to one spade. What do you do now?
Answer Tomorrow

WORLD ALMANAC FACTS

Some buildings don't have rooms or floors numbered 13. The first known record of bad luck attributed to 13 is an ancient Babylonian clay tablet telling of a king whose 13 wives were killed when a fire swept his harem. The World Almanac notes. The king concluded that it was a bad thing to have 13 wives. It isn't known whether the king contented himself with 12 wives or indulged himself with 14.

HOPE NEWSPAPER HISTORY: The 1929 consolidation joined the two principal newspaper lines dating back to within five years of Hope's incorporation in 1875.

1899—Star of Hope founded as a weekly by Claude McCorkle; converted to an evening daily by his son, Ed. McCorkle, publishing until the 1929 consolidation.

The opposition line: 1880—Hope News founded by Lowry Brothers.

1883—Sold to Withers & Johnson, name changed to Hope Telegraph.

1883—Later in same year resold to Claude McCorkle and renamed Hope Mercury.

1884—Sold to James H. Betts, who named it Hope Gazette, under which name it was published continuously until 1922, published by Betts, J.L. Tullis, and Col. W.W. Folsom the last-named dying in 1916.

1916—Purkins & Gates bought the weekly Gazette and made it a companion paper to their new daily, Arkansas Evening Herald—but both papers suspended in 1922.

1926—Plant was revived by Curtis Cannon as the weekly Hempstead County Review.

1927—Cannon sold plant to D.A. Gean, who established the morning Hope Daily Press.

QUICK QUIZ

Q—Has the Bible on which George Washington took the oath of office as the first president of the United States been preserved?

A—This famous Bible is now owned by a Masonic lodge in New York City. It has a frontispiece portrait of King George II of Great Britain.

Q—What city serves as headquarters of the International Court of Justice?

A—The Hague in The Netherlands.

CLUSTERED under eaves, jug-shaped nests of swallows are built on side of barn at Harvey Bodeman's farm near Deerfield, Wis. Every spring for nearly 70 years, thousands of cliff swallows have come back from the south to take up residence there. Bodeman, like his father before him, has encouraged the birds to make his farm their summer home. He leaves one wall of the barn unpainted so the mud nests will adhere. In dry weather, he turns a hose on a patch of ground so the birds will have building material. And, because the swallows prefer fresh nests, he knocks down the old ones each fall so the barn will be clear for building the next spring. Photo by Angus McDougall of International Harvester WORLD.

By Sheila and Allan Swenson
NEA Garden Specialists

From the annual open trial grounds competition, you can select 11 of the best, new All-America selections for your garden this year. These are the new introductions judged for top performance as the best new varieties available in 1969.

All-America selections are the results of the only authentic preintroductory testing and comparative rating of new flower and vegetable seed varieties for North America. The competition is sponsored by the garden seed industry and includes hundreds of varieties pre-grown and evaluated across the nation.

Vegetables take the lead in 1969 with a gold, silver and five bronze medals. A silver and four bronze medals were awarded to new flowers.

Green Comet, an F-1 hybrid broccoli, extra early and large-sized with excellent quality, won the gold medal. It is desirable for early and fall maturity. Late side shoots also are of good size and taste.

Stonehead, hybrid F-1 cabbage, is an exciting new extra early, small, hardhead cabbage. Excellent for home gardens, Stonehead can be closely planted for quality and quantity yields. It rated a silver medal.

Harvester Queen, another hybrid cabbage, has large globe heads and uniform size with dark blue-green outer leaves. It has good flavor and quality, does well in gardens and is believed 100 per cent yellow disease resistant.

Tokyo Cross hybrid turnip rated a bronze medal. It is very early, pure white, smooth and excellent quality. Try it for sweet and tender eating.

Snow King hybrid cauliflower is an early snowball type. Heads run six to nine inches across. St. Pat Scallop, another bronze winner, is a hybrid summer bush squash. It is uniform, continuous and prolific. Pick when young and tender for taste treats.

Kindred, a bronze winner, is a semivine-type buttercup squash. Ideal for winter, it is deep orange with gold skin.

For flowers, Cherry Buttons zinnia is the silver medal winner. A profuse bloomer with cherry-coral color, it has fully double flowers blooming profusely on wiry stems. Flowers are 1½ to two inches across and button-type. All other flower winners won bronze medals.

A hybrid giant cactus-flowered zinnia, Rosy Future, rated a bronze medal. Flowers five to six inches wide with large, quilled floral heads are great for cutting.

Another giant zinnia, Torch, is rich orange color, two feet tall with huge five- to six-inch quilled double blooms.

Polka Dot vinca is a three-inch annual ground cover for saving those shady spots where lawns don't take. Snowball, a ball-shaped, double-flowered cornflower, rated bronze honors for early flowering with uniform color and silvery green foliage.

For something new under the sun, try the 1969 All-America selections.

Knowing Nuclear Hazards Key to Personal Survival

The nationwide U.S. civil defense system, which is being enlarged and improved constantly, is designed primarily to help Americans survive and recover from nuclear attack. Its heart is a fallout shelter system which could save the lives of millions of persons that would otherwise be lost because of radioactive fallout.

The civil defense system also includes warning and communications networks, local governments organized for emergency operations, and many other resources. If an attack should come, many lives could be saved through a combination of emergency actions taken by governments and private citizens.

The chances of surviving and recovering from a nuclear attack are much better if citizens:

1. Understand the dangers of an attack.
2. Learn the actions that should be taken in the event of an attack.
3. Are prepared to take whatever action is necessary at the time of an attack.

If an Attack Comes . . .

All nuclear explosions cause light, heat and blast. In addition, explosions on or close to the ground would create large quantities of dangerous radioactive fallout particles, most of which would fall to earth during the first 24 hours.

If the U.S. should be attacked, the people who happened to be close to a nuclear explosion probably would be killed or seriously injured by the blast, or by the heat of the explosion.

People a few miles away in the "fringe area" of the explosion would be endangered by the blast and heat, and by fires that the explosion might start. However, it is likely that most of the people in the fringe area would survive these hazards.

People outside the fringe area would not be endangered by the blast, heat or fire. Department of Defense studies show that in any nuclear attack, tens of millions of Americans would be outside the damage areas. To them, and to people in the fringe areas who survived the blast, heat and fire, radioactive fallout would be the main danger. Protective measures against this hazard can be taken.

What Is Fallout?

When a nuclear weapon explodes near the ground, great quantities of pulverized earth and other debris are sucked up into the nuclear cloud where many of the particles become radioactive. As these particles fall back to earth, and after they reach the ground, they give off invisible gamma rays—like X-rays—which can kill or injure. These particles give off most of their radiation quickly, so the first few hours or days after an attack would be the most dangerous period.

In dangerously affected areas the fallout particles would look like grains of grit or sand. However, the rays they would give off could not be seen, tasted, smelled or felt. Special instruments would be required to detect the rays and measure their intensity. The Federal Government has distributed several million of these instruments to State and local governments.

Fallout Would Be Widespread

The distribution of fallout particles after a nuclear attack would depend on what part of the country had been attacked, and the number of weapons used, as well as wind currents, weather conditions and other factors. However, there is no way of predicting in advance what areas of the country would be affected, or how soon the particles would fall back to earth at a particular location.

Some communities might get a heavy accumulation of fallout, while others might get little or none. No area in the U.S. could be sure of not get-

ting fallout, and it is probable that some particles would be deposited on most of the country.

Areas close to a nuclear explosion might receive fallout within 15 to 30 minutes. On the other hand, it might take 5 to 10 hours or more for the particles to drift down on a community 100 or 200 miles away.

Generally, the first 24 hours after fallout began to settle would be the most dangerous period to a community's residents. The heavier particles falling during that time would still be highly radioactive and give off strong rays. Lighter particles falling later would have lost much of their radiation high in the atmosphere.

Fallout Causes Radiation Sickness

The invisible gamma rays given off by fallout particles can produce radiation sickness, which is caused by physical and chemical changes in the cells of the body. If a person receives a large dose of fallout radiation, he will die. But if he receives only a small or medium dose, his body will repair itself and he will get well.

The same dose received over a short period of time is more damaging than over a longer period. Usually, the effects of a given dose of radiation are more severe in very young and very old persons, and those not in good health.

No special clothing can protect people against gamma radiation, and no special drugs or chemicals can prevent large doses of radiation from causing damage to the cells of the body. However, antibiotics and other medicines are helpful in treating infections that sometimes follow excessive exposure to radiation.

Almost all of the radiation that people would absorb from fallout particles would come from particles outside their own bodies. Only simple precautions would be necessary to avoid swallowing the particles, and it would be practically impossible to inhale them.

People exposed to fallout radiation do not become radioactive and thereby dangerous to other people. Radiation sickness is not contagious or in-

fectious, and one person cannot "catch it" from another person.

Protection Is Possible

People can protect themselves against fallout radiation, and have a good chance of surviving, by staying inside a fallout shelter. In most cases, the fallout radiation level outside the shelter would decrease rapidly enough to permit people to leave the shelter within a few days.

Even in communities that received relatively heavy accumulations of fallout particles, people soon might be able to leave shelter for a few minutes or a few hours at a time to perform emergency tasks. In most places, it is unlikely that full-time shelter occupancy would be required for more than a week or two.

The information in this story was furnished by the U.S. Department of Defense, Office of Civil Defense, to help people prepare for a nuclear attack and learn what actions to take in case an attack should occur. Local government authorities are responsible for supplying the public with more detailed survival instructions for this area. This information was drawn from the OGD publication "In Time of Emergency" (H-14), which is available without charge at local civil defense offices.

TIMELY QUOTES

The fear that grips the hearts of the American public today is not the fear of an officer with a badge. It is the fear of brazen criminals . . . the mugger, robber, rapist and murderer who makes people afraid to walk the streets at night.

—FBI Director J. Edgar Hoover.

CUSTOMER COMFORT prompted this innovation at a Paris, France, store. While the shopper rides the escalator, her cart ascends unaided to the next floor where it can be used to hold additional selections.

Cells Being Prepared for Sirhan

By DONALD H. HARRISON
Associated Press Writer

LOS ANGELES (AP) — A suite of three cells—complete with living and dining quarters and a television set—is being built for Sirhan Bishara Sirhan in case the young Jordanian is convicted of assassinating Sen. Robert F. Kennedy.

The California Department of Corrections wants Sirhan to stay in the special extra-secure cell whether he gets life imprisonment or the death penalty.

"If he's convicted," a Corrections Department officer said, "There's always the chance that some inmate would try to kill him. We've spent about \$5,000 to remodel this section so he'll never come into contact with other prisoners."

The walled-off suite of cells is being prepared at the California Medical Facility at Vacaville, near Sacramento. A bill pending in the California Legislature would permit Sirhan, if sentenced to death, to stay there rather than at San Quentin's death row as is now required.

Sirhan's trial, starting its 13th week, was recessed Friday until Tuesday with rebuttal witnesses

for the prosecution on the stand. The defense has rested its case with testimony that Sirhan did not meaningfully premeditate the assassination in Los Angeles last June 5.

Phil Guthrie, the corrections officer, said preparations for Sirhan's incarceration were being made in advance of a verdict because "we'd get him within days after sentencing." If the jury convicts Sirhan of first-degree murder, it will decide the penalty—death or life imprisonment.

Sirhan would be confined to three adjoining cells each about 10 by 15 feet. In one would be a kitchen with a stainless steel stove where uniformed guards would cook Sirhan's meals. Most prisoners eat in a central kitchen, Sirhan's quarters, Guthrie said, would eliminate the risk of someone trying to poison his food.

In the second cell, a living room with television set, Sirhan would receive visitors. He would sleep in the third cell. A bathroom is off the kitchen.

Full-time security guards would be posted near Sirhan's quarters, Guthrie said, and the cost of imprisoning him would probably far outstrip the \$2,800 yearly spent on average prisoners.

If Sirhan is acquitted, "we'll find other uses for the cells," Guthrie said.

Criticism in Britain Over Eisenhower

LONDON (AP) — The British government faced criticism in Parliament and the press today over what some newspapers called a snub to the memory of former President Dwight D. Eisenhower.

Britain sent Earl Mountbatten of Burma, a friend of Eisenhower and a distant relative of Queen Elizabeth II, to represent the royal family at the funeral and Defense Minister Denis Healey to represent the government.

"This is not really good enough," said the Daily Telegraph. The pro-Labor Sunday Mirror headlined its story "America Bewildered at Royal Snub."

A Labor member of Parliament, Marcus Lipton introduced a motion saying Britain should have been "more adequately represented at the funeral of Gen. Eisenhower."

"A member of the royal family should represent the Queen, not Lord Mountbatten," said Lipton. "You might as well send the assistant postmaster general as Mr. Healey for all the American public knows of the defense minister."

Prime Minister Harold Wilson

Monday, March 31, 1969
is on a trip to Africa, and the Queen and Prince Philip were attending the dedication today of a chapel in memory of her father, King George VI.

The Telegraph noted that Healey is the eighth-ranking member of the Cabinet.

Schedule for Ike's Services

WASHINGTON (AP) — This is the day-by-day program of honors to be paid former President Dwight D. Eisenhower:

The body lies in state in the Capitol rotunda.
4 p.m.—Casket will be carried to the hearse for return to Washington National Cathedral, 4:30 —Arrival ceremony at cathedral's North Transept, followed by Episcopal funeral service in Cathedral attended by 2,107 persons admitted by ticket.

5 p.m.—Casket placed in hearse for trip to Union Station.
6 p.m.—Approximate time train depart Union Station for Abilene, Kan.

Tuesday:
12 midnight—Approximate arrival of train in Abilene.

Wednesday:
9:55 a.m. Casket is moved from train to hearse.

10:50 a.m.—Funeral services on steps of Eisenhower library.

BULLETIN:

Prices effective through Wednesday, April 2, 1969.

Earthquake Predictions Have Californians Shaking

By DICK KLEINER
West Coast Correspondent

LOS ANGELES—(NEA)—Where can we go, when there's no San Francisco? It is a song called "Day After Day" by a group called The Shangos. In a cheerful, happy rhythm, it tells how the West Coast is going to be destroyed by an earthquake and sink into the sea. It is a big hit.

Californians laugh at it and sing it, but it's kind of nervous laughter and shaky song. That's because of the wild rumors sweeping the state that there will be an earthquake, probably on Friday, April 4, which will send the West Coast sliding into the Pacific Ocean.

"Where can we go, when there's no San Diego?" "Sure," says a spokesman at Cal Tech, "our seismological department has heard the rumors. Who hasn't? But nobody in the department is moving."

JOKE: "You know why Howard Hughes bought up Las Vegas?" "No, why?" "So he could have beach-front property." "The theory that an earthquake along the San Andreas fault could separate California from the rest of the nation," says an official of the California Disaster Office, "is wrong. There is nothing to substantiate it."

"Better get ready to tie up your boat in Idaho." A strange cult named the Fellowship of the Ancient Mind applied, in Los Angeles City Hall, for a permit. They wanted official sanction for their plan to salvage what is left of Los Angeles after the quake.

"We've been taking tests along the San Andreas fault," says a man in the Geological Survey office. "The pressures there are no greater now than they were this time last year."

Do you know the swim? Nobody keeps track of how many people leave California, but the State Department of Agriculture maintains border checking stations to count people coming in. Since October, the figures at the largest of these—Yermo—have been steadily declining.

"It may be just a seasonal decline," the lady at the Department of Agriculture said, "but maybe it's this quake thing."

"Earthquakes cannot be predicted," says Cal Tech's Dr. Charles Richter. "There is no such thing as earthquake weather, or an earthquake season, or earthquake predictions. Anybody who predicts an earthquake is a quack."

"You better learn quick, Jim." A UPI dispatch from Sacramento: "Gov. Ronald Reagan said that predictions of a major California earthquake are likely."

There has been no such volcano eruption recently.

"Day after day, more people come to L.A." The Los Angeles Times reported that a San Francisco mystic named Elisabeth

Steen ran her finger over a map, felt vibrations as her finger reached Fresno, and consequently decided the quake would be centered there. She didn't mention a date, but she and her family and 35 other families left San Francisco for Spokane, Wash.

Earthquakes are common in California. There are 78 known faults criss-crossing the state. Southern California has a few hundred quakes a year. Last year, there were 35 in the Santa Barbara channel alone.

"Some of the fault lines are active now," says a spokesman for the Office of Civil Defense. "And that is a good thing. Inactive fault lines are dangerous—it indicates pressure is building up."

"The whole place is shaking away." Airlines say there is a little heavier than normal booking for flights out of Los Angeles around the first of April. Boat sales are up. And yet the Civil Defense Office says the public is not panicky, that there hasn't been the flood of telephone calls it expected.

Peter Hurkos, the Dutch mystic, told Hollywood Reporter columnist Hank Grant: "We won't have any major earth tremors here for 30 years." He even bought a new house here, just to prove he meant what he mystified.

"Where can we go, when there's no San Francisco?"

Two Arkansans in the Money

MIAMI, Fla. (AP) — Two Arkansas golfers, R. H. Sikes of Springdale and Miller Barber of Texarkana, collected more than \$5,400 Sunday in the \$200,000 National Airlines Open Golf Tournament.

Sikes shot an even par 72 for a 72-hole total of 283. He had rounds of 68-72-71-72 and collected \$3,685.

Barber earned \$1,725 for his 285 score. Barber had rounds of 71-72-72-70. Bunky Henry captured the \$40,000 top prize with a 278 score.

administration's basic policy position—that the United States is not seeking a military victory in Vietnam, is ready for "serious negotiations" toward a political solution, and wants to reduce the scale of hostilities as soon as possible.

"As regards withdrawal of troops, we have made clear our readiness in discussing the mutual withdrawal of all non-South Vietnamese forces from South Vietnam. These various withdrawals could begin simultaneously," Lodge said.

But he added: "It is not for either Hanoi or Washington to dictate to the South Vietnamese about their future."

Israel Is Digging in for Trouble

By RODNEY PINDER
Associated Press Writer
JERUSALEM (AP) — Israel was digging in today for a critical spring and summer after its Cabinet rejected any Big Four settlement for the Middle East and Egyptian President Gamal Abdel Nasser talked again of war.

Israeli Defense Minister Moshe Dayan told border settlers the summer would be "most critical" because the Egyptian regime is under heavy pressure to renew the war or abdicate. And Nasser said Sunday "that war with Israel is inevitable" so long as they refuse to withdraw from the occupied Arab lands.

Addressing the national congress of the Arab Socialist Union, Nasser said: "The days when we could not answer Israeli shelling have passed."

According to the latest estimate, the earlier ones will prove to have been all wrong.

Can't Arrange Peace With All Talking

By WILLIAM L. RYAN
AP Special Correspondent
PARIS (AP) — Ambassador Henry Cabot Lodge says some slow progress has been made at the Vietnam peace talks, citing as evidence the fact that all the participants are "sitting around the same table and talking."

Lodge also does not believe a military victory is possible for either side, thus making a negotiated settlement the only alternative.

"For the first time in the history of the war, the key belligerents on both sides are meeting face to face," the chief U.S. representative at the Paris peace talks said in a weekend interview. "We now have a structure here in Paris to exchange views with the other side... Through the exchange of statements and rebuttals, each side is learning what is important to the other side."

Lodge refused to answer questions about secret meetings, prospects for a more flexible Communist position, the possibility of a Soviet role in a settlement, or whether mutual withdrawal of foreign forces from South Vietnam is possible without an admission by Hanoi that it has troops there.

But he spelled out the Nixon

HENRY CRINER
Pictured above is Mr. Henry Criner, born in 1886, who celebrated his 103rd birthday at his home, 816 North Walker street, Hope, March 21, 1989.
Mr. Criner is a native of Nevada County, and has been a resident of Hempstead County since 1921. He is still active; feeds his chickens everyday, takes care of his dog, and even cooks some meals for himself.
For this birthday, he was honored with a dinner at his home. Present for this occasion were his children, Mrs. Walter Joe and Willie Criner of Hope, Mrs. Gertrude Thomas of Little Rock, and Oscar Lee Criner of St. Louis, Missouri.

SGT. CHESTER McMULLEN
CITIZEN OF THE WEEK (This story appeared in the February 22nd issue of the Dallas Express).
Sgt. Chester McMullen, whose original home is in Arkansas, is now a Texan by choice. He has been in the Armed Forces for 20½ years and plans to retire in February 1970.
Sgt. McMullen is home on 30 days leave. He was not interviewed in the comfort of his home, but was observed working with a group of Boy Scouts who were engaged in cleaning up some of the eye-sore places on Oakland Avenue. When asked how he got involved in the clean-up campaign while home on leave, he stated, "I like working with young boys."
It is felt that this fine gentleman has set a great example for all of us Dallasites to follow. For our children are desperately in need of all the help and guidance that we possibly can give them.
It is normally thought that virtually everyone would answer a call for help, a cry of anguish from a fellow human being, but in this modern world of ours, cries for help are always in danger of going unheard, and some appeals are silent.
It should be in our uppermost minds that a man never stands so tall as when he stoops to help a young boy. Sgt. McMullen is, and will be an even greater giant upon retirement, for he plans to come home, to attend school majoring in Social Studies. He then plans to do social work whereas he may be able to work with young boys.
During his army career, he has traveled extensively. His wife Gwendolyn and their two children have shared in some of his traveling.
Sgt. McMullen has accomplished Combat Inf. Badge, Bronze Star, the 3rd highest medal, Army Accommodation Ribbon for American defense, Purple Heart, National Defense Ribbon, United Nations and a number of Viet Nam Service Ribbons.
The Dallas Express wishes Sgt. McMullen a pleasant visit home and a safe return to Dallas in February, 1970, because gentlemen of his high standard are hard to find.

Reporter Tells About Eisenhower

By MARVIN L. ARROWSMITH
Associated Press Writer
WASHINGTON (AP)—President-elect Dwight D. Eisenhower had a look that night of boyish embarrassment.
It was the 56th birthday of his wife Mamie, Nov. 14, 1952. The two of them had been chatting with newsmen on the porch of the Eisenhower cottage at Augusta National Golf Club in Georgia, where they had gone for a rest after his first-term election 16 days earlier.
"Ike," Mamie asked with a sort of pixie smile, "is it all right if I show them what you gave me for my birthday?"
The five-star general, soon to be 34th president of the United States, scuffed the toe of his shoe against the porch floor for a moment, and then the famed Eisenhower smile lighted his face.
"Oh, all right," he consented reluctantly.
Mamie disappeared into the cottage and then returned to the doorway, holding before her a beautiful negligee. Ike beamed, pleasure overriding his embarrassment.
To this reporter, Dwight Da-

VIDE (ARR) STAFF, PHOTOS BY OTIS

vid Eisenhower was a fascinating personality study.
There was the man with the magnetic grin—the man whose charisma touched off wildly enthusiastic ovations wherever he of the news corps followed him on his travels throughout the world as president—arms outstretched high above his head.
There was the man of intense, imperturbable concentration, whether fishing for trout, lining up a putt, drawing a bead on a quail—or studying a classified document at the moment a visitor was ushered into his White House office.
There was the man whose utter absence was warmth and cordiality and humor in the company of intimate friends.
There was the man, too, who never was quite at ease with the news corps in some public, some private circumstances. There could be an inbred military sternness that suggested to some that they ought to snap to attention.
Sometimes it was quite understandable, like one summer day in a Colorado trout stream where Ike was having remarkable success. As reporters watched from a highway overlooking the stream, he hauled in one trout after another—and we reported his catch in detail.
He went over the legal limit, but neither he nor we were aware of it at the time.

When Eisenhower found out about it later that day, and about the fact his unwitting transgression was making headlines, he turned a baleful glower up.
On other occasions, reporters had been invited to share in the fish fry on the bank of the stream—a treat we had enjoyed immensely.
There was no invitation that day.
As president, Eisenhower refused to speak critically or those who were critical of him or of his administration.
"I never deal in personalities," became a familiar response at news conference. But then after thus divorcing his remarks from individuals he would go on to declare:
"But I will say this... We learned to wait for that phrase, knowing that he usually was about to make news, even though stating only his general philosophy on a controversial issue.
At the time of the first of his seven heart attacks, Sept. 24, 1955, Eisenhower was vacationing in Denver. He had an office at Lowry Air Force Base and was staying a few miles away at the home of Mamie's mother. Eisenhower was an early riser and loved to kid reporters assigned to the Summer White House at Lowry about being late.
